2013 DOT RIDGETOP PIPELINE REPLACEMENT
GALLATIN, Sumner County, Tennessee**

Dear Mr. Heuer:

In accordance with the provisions of the Tennessee Water Quality Control Act (T.C.A. § 69-3-101 et. seq.) and Rule 1200-4-10, the Division of Water Resources (division) hereby notifies you of coverage under General NPDES Permit for Discharges of Hydrostatic Test Water No. TNG670000, effective as of February 19, 2013. This notice is sent in response to the notice of intent we received on January 14, 2013.

Enclosed is a Notice of Coverage which shows the facility name, location, effective date of coverage, etc. Also enclosed is the Discharge Monitoring Report (DMR) form to be completed at the time of the discharge. If multiple discharges occur (more than one location or test), please make copies of the form and use one form for each discharge. The completed DMR(s) shall be submitted to the Division postmarked no later than thirty days after the discharge occurs. If this is a one-time discharge, and you wish to terminate coverage under the permit, please indicate that using the check box located at the bottom of the DMR form.

If you have questions, please contact the division at the Nashville Environmental Field Office at 1-888-891-TDEC; or, at this office, please contact Mr. Paul Higgins at (615) 532-1178 or by E-mail at *Paul.Higgins@tn.gov*.

Sincerely,
